User guide

Step by Step Guide

Learn how to manage your app with this guide

O1 Login via Singtel myBusiness

Login to the Business Broadband Security Suite

O2 Broadband Content Filtering

Choose from 4 predefined security profile

03 Broadband Protect

Select your Anti-Virus & Anti-Spam security setting

O4 Monthly Security Analytics Report

Reports & Alerts

Login via Singtel myBusiness portal

Login to Business Broadband
Security Suite
(https://marketplace.singtel.com/Account/Login)

Step 1 of 3

After you have successfully subscribed to Singtel Business Broadband Security Suite service, you can login from the portal.

Step 2 of 3

You should be able to see your subscribed service under the Dashboard. Click on the icon "Business Broadband Security Suite"

Part 1 of 4

Part 3

Reports

Step 3 of 3

You will be directed to the homepage of the Broadband Security Suite Portal. Follow these 3 simple steps to set your security settings.

Broadband Content Filtering

Choose from 4 predefined security profile

Profile Setting

Profile Setting

Choose your security profile setting at homepage.

Part 2 of 4

Explanation for each profile

If you are not sure of which profile to choose, please refer to the detailed explanations of each profile.

Broadband Protect

Select your Anti-Virus & Anti-Spam security setting

Part 3 of 4

Activate / Deactivate Anti-Virus and Anti-Spam

Click on Broadband Protect tab.

Security Analytics Reports

Reports & Alerts

Overview

You can download the Security Analytics Reports for the month.

Broadband Content Filtering Report (Free)

- Top 5 web sites accessed
- Top 5 web categories accessed
- Top 5 web sites blocked
- Top 5 web categories blocked

Broadband Protect Report

- Top 10 virus detected and blocked
- Top 10 email spam sources detected
- Top 10 intrusion attacks detected and blocked

Part 4 of 4

Download Report

Click on Security Analytics Reports tab.
